Zarhia

technological process and modern cultivation of date production, controls the production process from farm to fork and delights consumers of fine dates around the world. Our mission is to produce high quality and organic dates, which is the foundation for developing our world-renowned gourmet products. Zarhia is the result of the required efforts of our farmers to produce fresh dates from palm trees. Besides, we try hard to provide good conditions for the ecosystem.

IRANIAN DATES

Our dates are carefully selected in order to ensure quality products and guarantee freshness. The following dates are the usual varieties we carry in range. With each season, we add more varieties from the Iran.
